

Euro Business Small Parcel

GLS – Europe-wide parcel delivery of small and delicate goods

Your benefits of our Euro Business-Small Parcel:

- High transport security for delicate goods through separate sorting and transport in special bags
- Easy measurement through usage of product-specific triangle
- DIN ISO 9001:2008 certified
- Insurance included up to commodity value, up to max. 750,- EUR
- Permanent Tracking & Tracing incl. full delivery information and proof of delivery online – nearly in real-time thanks to online data transmission
- Incl. second delivery attempt
- Consistent, high service quality across the European Network thanks to unified Quality Management System

Normed weight and size restrictions, separate sorting processes and transportation in special bags allow for an increased transport security and reliable door-to-door delivery of your small parcels throughout Europe within regular transit times of:

- 24-48 hours to neighbouring states
- 72-96 hours for all longer European distances
